

Developmental Medicine and Child Neurology

Volume 14 1972

INDEX

Authors and subjects of articles in the body of the Journal are indexed together. Abstracts are included in the general index and listed both under subjects and authors, with '(abstr.)' at the end of the title. Letters to the Editor are indicated by the symbol '(L)'.

KEY TO ISSUES AND PAGES

Issue	Pages	Issue	Pages
No. 1	1-134	No. 4	423-560
No. 2	135-280	No. 5	561-702
No. 3	281-422	No. 6	703-844

- Abdominal pain, recurrent, clinical and electroencephalographic study, 31
Abortion in neural tube defect fraternities (abstr.), 277
ABRAHAM, E. *See HOFFER, M. M.*, 51
ABROSIOMOVA, N. A. *See VEL'TISHCHEV, YU. E.*, 422
Acidosis, metabolic, effect on fetal brain function and metabolism (abstr.), 554
ADACHI, M. *See SCHNECK, L.*, 554
Aicardi syndrome, 382
AINGORN, E. D. *See BADALYAN, L. O.*, 422
American Academy for Cerebral Palsy
Annual Meeting, New York City, 1971: abstract of papers presented at, 108
Presidential Address, 102
Anencephaly and spina bifida in Glasgow, genetic study of, 626
Angiography, cerebral, in children and adults with mental retardation, 756, 766

ANNOTATIONS

- Active and the over-active school child, the, 83
Aetiology of cerebral palsy in developing countries, 230
Benign paroxysmal vertigo of childhood, 513
Bilirubin neurotoxicity, 395
Central nervous system involvement in leukaemia, 75
Cerebellar tumors in childhood, 809
Cerebral oedema, 814
Cerebral palsy and physical fitness, 811
Community screening programmes for metabolic disorders, 397

- Consequences of major status epilepticus, 228
Conservative treatment of hydrocephalus, 804
Denver scale, the, 666
Early reciprocal inhibition in athetosis, 664
Epidemiology of congenital dislocation of the hip, 515
'Glue-ears,' 81
Hydronephrosis, 224
Immunoglobulin E, 511
Individual differences at birth, 400
Juvenile Parkinsonism, 391
Learning disabilities and hyperkinesia, 394
Male disadvantage in diseases acquired in childhood, 517
Management of chronic subdural effusion in infancy, 813
Minor epileptic status, 80
Multicystic encephalomalacia, 662
Objective measurement of spasticity, 508
Parent counselling, 657
Parents of autistic children, 659
Pelizaeus-Merzbacher disease, 806
Radiologic findings in the evaluation of the common autosomal disorders, 226
Reading retardation, 520
Severe visual impairment in Swedish children, 661
Smallpox vaccination—development and discard, 232
Speech therapy for the partially deaf child, 78
Anorectal function study, radiographic, in myelomeningocele (abstr.), 557
Anticonvulsant drugs causing altered calcium metabolism, 318

INDEX

- folic acid metabolism, fit frequency and psychiatric illness (abstr.), 132
 new, in management of minor motor seizures, 3
ASIRIFI, Y.: Aetiology of cerebral palsy in developing countries, 230
 Athetosis, early reciprocal inhibition in, 664
 Auditory stimuli in the human newborn, patterns of response to, 487
 Autistic children, parents of, 659
 Autosomal disorders, evaluation of, radiologic findings in, 226
 Avascular necrosis of the capital femoral epiphysis, as complication of closed reduction of congenital dislocation of the hip (abstr.), 556
- BADALYAN, L. O., ZIURBA, L. T., KOROLEVA, I. A., AINGORN, E. D., VESHNEVA, I. V., TIMONINA, O. V., SHARETS, Yu. D. and YUDINA, A. A.**: The Trisomy-18 syndrome (abstr.), 422

 malformations, major, notified in Northern Ireland 1964-1968: 731
 Cephalexin and co-trimoxazole, in urinary tract infections in spina bifida cystica, clinical trial, 342
 Cerebellar tumors in childhood, 809
 Cerebral angiography in children and adults with mental retardation, 756
 — irritation in the newborn: clinical trial with chloral hydrate and diazepam, 740
 — oedema, 814

INDEX

- Cerebral palsy
 ambulation in, scoring system for the evaluation of, 332
 and physical fitness, 811
 athetoid, levodopa therapy in (abstr.), 419
 children with
 Bender Gestalt test as measure of perceptual and visuo-motor defects in, 156
 relationship between size constancy and experience of mobility in, 615
 salvage hip surgery in, 51
 in developing countries, aetiology of, 230
 lower limbs in, surgery in, 45
 patients with, talking for themselves, 524
 size constancy and experience of mobility, relationship between, in affected children, 615
- Cerebrospinal fluid, creatine phosphokinase in, 467
- Childhood
 and adolescence, epilepsy in, surgical treatment in, 796
 and infancy, motor and sensory conduction in, 189
 benign paroxysmal vertigo of, 513
 cerebellar tumors in, 809
 diseases acquired in, male disadvantage in, 517
 motor co-ordination in, role of inhibition in development of, 336
 peripheral sensory neuropathy in, 501
 tapetoretinal degeneration in, presenting as a disturbance of behaviour (abstr.), 277
- Child(ren)
 at risk for learning disorder, identification in the first year of life (abstr.), 698
 autistic, parents of, 659
 blind, a, 817
 congenitally abnormal, mental health of siblings (abstr.), 841
 Down's syndrome in, parameters of tyrosine and tryptophan metabolism in (abstr.), 420
 — temperament profile of, 640
 Guillain-Barré syndrome in: serial nerve conduction studies, 56
 head injuries in, 137
 mentally retarded
 cerebral angiography in, 756, 766
 — palsied, hip surgery in, 51
 growth abnormalities in, thyroid gland as cause of (abstr.), 279
 pericyazine in (abstr.), 557
 profoundly, modifications of language situations in, 148
 motor skills in, mothers' expectation of, 621
 of 7 years, hearing loss in, 296, 592
 partially deaf, speech therapy for, 78
 school-age, activity and over-active, 83
 Swedish, severe visual impairment in, 661
 urinary total hydroxyproline: creatinine ratio in (abstr.), 843
 with cerebral palsy
 and mental retardation, hip surgery in, 51
 Bender Gestalt test as measure of perceptual and visuo-motor defects in, 156
 relationship between size constancy and experience of mobility in, 615
 with educational problems, colour perception in, psychopathology of (abstr.), 130
 with febrile convulsions, 21, 700
 with myelomeningocele, outlook for, in cases of contraindicated surgery, 304
 with phenylketonuria, outcome of, influence of diet therapy, etc., 445
- Chloral hydrate and diazepam, in treatment of cerebral irritation in the newborn, 740
- Chondroitin sulphate, excessive urinary secretion of, in a form of mucopolysaccharidosis, 69
- Chromosomes
 abnormalities, prenatal diagnosis of (abstr.), 838
 45,X/46,XY mosaic with features of Russell-Silver syndrome, 161
- CHUTORIAN, A. M.: Benign paroxysmal vertigo of childhood, 513
